CAMERON WELCOMES ARMY UNIT

CHURCHILL CONFIDENCE VOTE 472 TO 25 GRAVEST PERIL SINCE FALL OF FRANCE

SOMBER SPEECH MADE PRECEDING HOUSE VOTE

Winston Churchill today won a vote of confidence in the British House of Commons by a vote of 472 to 25.

The vote came after two days of debate and after Churchill himself had made a somber speech in which he declared that Britain faces the gravest peril since the fall of France.

Discussing the situation in Egypt he said that there is nothing to indicate that Egypt will not stand and all is not lost. The Prime Minister said no one was more surprised than himself when in Washington he heard of the fall of Tobruk.

Mr. Churchill either knows nothing about British military operations or is an incompetent observer. Two weeks ago he voiced confidence and even discussed with American military leaders a second front in Europe. If Britain faces the gravest peril since the fall of France there can be no truth in the talk of a second front. France fell in June 1940. At that time there was no thought here of fighting. Now it is July 1942, and if Britain cannot rely on American aid, the war may be lost this summer.

Competent observers believed Mr. Churchill has been inconsistent by inadvertance only. Surely they said he could not possibly believe England stands alone, as she did that dark day when the Republic of France fell to the "more abundant life" a six hour day and five day week.

There was no comment in Washington on the war. Even the scrap rubber drive got no mention. Washington, already gullible, will hail the victory of Mr. Churchill in Commons as progress in the war.

The Russians are figthing in the streets of Sevastapol but Hitler has won the great battle after 27 days. True, it has cost the Germans many thousands of their best soldiers but they have plenty of them.

On other fronts the Reds are holding, even throwing the Germans back.

China was fighting desperately and had temporarily stopped the Japs.

Mr. Morgenthau, treasurer, said the public debt is now 77 billion.

4-H CLUB GIRLS HOLD ENCAMPMENT

The Milam County 4-H annual encampment was held June 25th and 26th at the Wilson-Ledbetter Park at Cameron. Forty-three girls from 5 clubs attended.

The girls had some very nice exhibits. Some of the girls entered butter, meal planning, shrub identification, pot holders, aprons, cup towels and all kind of work cloths. They were all very useful and nice.

Some of the girls with the help of Miss Porter did the judging. After all the judging was over, Miss Keese awarded the ribbons. Miss Alice Marie Coker of Ben Arnold 4-H Club was high point girl. She has been in the Club only two years and is 12 years old.

The girls had a very nice time swimming, folk dancing and doing other games. The girls unanimously passed a resolution of thanks to the American Legion for letting them use their building and the Chamber of Commerce for supplying ice water, tables and chairs and for the interest they have shown in their work.

Bertha Mae McDonald, Reporter.

Judge and Mrs. Graham Gillis left Thursday morning for Seamore where they will spend a week visiting his sister and her husband, Mr. and Mrs. George McDonald. Mrs. McDonald is the former Miss Bessie Gillis and lived in Cameron.

Mr. and Mrs. Henry Lippman are spending the week end and the 4th in San Antonio while observing their wedding anniversary.

MATRUH IS SACRIFICED AND SITUATION CRITICAL

The British in North Africa are running away from General Rommel, Axis commander who now has plunged ahead 140 miles into Egypt and his armies in striking distance of Alexandria, last of the great bases held by the British.

Somewhere, like Shangra La, the British are expected to make a stand. The British people and the American people were told that it is a trap into which Rommel is passing. That could be true only if there are enough Americans in Egypt.

One report said that Americans are fighting in Egypt. Perhaps a token force.

Matruh has fallen to the Axis. This is the last of the important bases short of Alexandria.

The British people were said to be getting mad and Mr. Churchill may have to draw on his imagination to explain away this latest and perhaps most disastrous British defeat.

The Nazi were driving a tripple wedge into the Red Lines at Sevastapol.

Two Homes Robbed; One Man Loses $34 And One Loses $6

Two Cameron homes were robbed Wednesday night, it was reported by Sheriff Valter White early Thursday.

Bert Chastine who works for the Miller Auto Supply Company reported to the sheriff that robbers had entered his home and took $34 from his trousers. He said the robbers made entrance through the back door which was unlocked. The Chastine home is at 604 East 15th street. No clues were found.

Not far away burglars entered the home of Joe Denton and John Voldman and took $6 in cash. Watches and other valuables were left in the pockets of the trousers, only money was taken.

As in the Chastine robbery there are no clues, but Sheriff White was working on the case Thursday.

J. C. Penney Store Almost Makes Quota Bond Sales First Day

M. H. Boehner of the J. C. Penney Company store in Cameron reported Thursday morning that the $600 quota set for sale of War Bonds and Stamps for July was almost reached the first day.

Mr. Boehner was grateful for the splendid rsponse and feels the Daily Herald has had a part in creating an appreciation of their efforts in the minds of the people.

All day Wednesday War Bonds and Stamps were sold. A 15 minute period at noon was devoted entirely to the sale.

Emory B. Camp, county chairman for the Council of Home Defense, directing bond sales, said he believed the example of the Penney store is one of the best incentives the bond drive has had. "I congratulate Mr. Boehner, his sales force and the people who responded so well to this store campaign."

When Mr. Boehner makes his report for July of its progress next week indications were it would be the best success story of the month.

WOODROW ERMIS AND MAX SCHWINGER DIE

Woodrow Ermis and Max Schwinger, two Cameron boys, lost their lives when a German submarine sunk their ship somewhere in Gulf waters Monday, June 22nd.

A telegram received June 27th to parents of both boys was dispatched by Vice Admiral R. R. Waesche, Commandant of the U. S. Coast Guard. The telegram which the Herald is quoting from was sent to the office by Mrs. John Ermis, mother of Woodrow.

The name of the ship and its position when sunk by a torpedo from a German submarire, was still a matter of military secrecy and parents are not permited to disclose the name of the ship or its destination when attacked.

News dispatches Monday said all members of the crew, including officers, 33 in all were lost.

This was the second sea disaster to take the lives of local boys, the first being Jack Pond who died when a German submarine sunk his ship in Gulf waters in early May.

Both Ermis and Schwinger went to Port Arthur three weeks ago to work for the Sabine Transportation Company on an oil barge. The company ships oil from Port Arthur to Orange.

When the ship left Port on June 20 the crew was short of men and the boys joined up, wanting to make the trip. The ship was reported to have carried a cargo of high octane gasoline. Members of the crew and officers were said to have perished in the flames as the ship burned. No distress calls were ever heard from the tanker.

Max Schwinger is the son of Mr. and Mrs. Max Schwinger, Sr., who live in the Jones Prairie Community. Max graduated at Yoe High School.

In World War No. 1 the father served with distinction. He received the decoration of the Purple Heart for bravery in action. Now 25 years later his son makes the supreme sacrifice.

Ermis was the son of Mr. and Mrs. Charles Ermis of Cameron. He was born and reared in the Ad Hall community, attended school there and at Cameron.

While the telegrams received by their parents stated that the sons were missing in action, later news reports said that all men aboard the vessel had lost their lives.

Charlie Smith, Jr., Announcing For the Legislature Calls For Integrity In Public Service; We Must Stop Sell Out of People

In a statement that is as refreshing as it is direct and true, Charlie Smith, Jr., announced his candidacy for the House of Representatives at Austin from Milam County, subject to the Primary Election to be held on Saturday, July 25.

Mr. Smith raises questions that challenge and may awaken in the people a supressed feeling that something is wrong at Austin and Milam County has been made the chattel in a market of neglect. Here is his statement:

I have no love for my opponent. But I have a greater reason for being a candidate for the office of Representative of the 64th District. I am worried about the future of my country.

And I know that there are other people in this County who are worried about it, too. No one can recall the fall of the French nation, the pillage of Poland, the desecration of Czechoslovakia and the Low Countries without worring.

History will record only a part of the present misery of Europe. The awful memories seared into the minds of those Europeans who have yet survived the brutalities of their conquerors are the true pictures of what has happened. Those poor people have seen their wives and sisters and daughters raped. They have witnessed their fathers, husbands and sons being tortured and slaughtered for daring to voice the hope of freedom. They have seen little children starving in the streets of Paris. They have seen once proud men and women groveling in the gutters and garbage heaps of Prague looking in

PLEDGE AID TO TAKE PRESSURE OFF REDS

Coming operations of the United Nations will divert German strength from the Russian front, said a joint statement by President Roosevelt and Prime Minister of Great Britain, Winston Churchill, who reached London early Friday.

The statement issued jointly was released after Mr. Churchill had reached London.

Neither the President nor Mr. Churchill indicated when the operations might occur nor where the attack would be made. It was taken to mean that the United Nations plan to attack Germany but there was no indication when or how.

There was a noticible tightening up of Russian operations and the Nazi have been stopped at Kharkov and also at Sevastapol.

Also the Nazi advance on the Ukraine front has been stopped.

As predicted the statement of Mr. Churchill and the President was vague as to immediate hope and was non commital except for the promise of attack. It did not mention a second front.

It was said that plans were made to take the war to Japan in the far east.

American airmen are arriving in England in increasing numbers and will soon take part in attacks on Germany.

Axis forces under General Rommel have advanced into Egypt 115 miles.

WEDNESDAY BOND AND STAMP SALES DAY HERE

Tomorrow, July 1st, beginning at 12 o'clock all stores will devote the next fifteen minutes exclusively to the sale of War Bonds and Stamps.

Each store in Cameron is asked to co-operate in the plan requested by the Treasury Department for a nation wide sale of war bonds and stamps, on July 1st, beginning at 12:00 and lasting for 15 minutes. This request was received by the Chamber of Commerce sometime ago, and the treasury department was notified and Cameron and Milam County would co-operate one hundred percent.

Sales persons in each store will be instructed in their part in the 15 minute sale, and no merchandise should be offered for sale during this period.

Cameron citizens should make an effort to make a purchase of these bonds and stamps during this fifteen minute period. The employees of the stores should make their purchases 100 per cent during this time.

Grady Little bond and stamp sales director for the city of Cameron said early Tuesday that it had been suggested that each store arrange the 15 minute period in which it will devote its sales to bonds and stamps.

The reason is that if all stores adopt the noon hour people generally will be away for lunch. In this way sales might not be so large. Some confusion may result by each store having a different period but sales would be larger and that is what counts.

The people are urged to remember that at any time during the day they may purchase stamps and bonds if the stores follow the policy of establishing their own 15 minute period.

The official hour is at noon but in case you are away from your place of business you may purchase at any time during the day.

Preliminary to the sales period tomorrow the Herald made a canvas of business houses and found most of them have stamps on hand, but a surprising number have no stamps or bonds.

This information is passed along to the committee. Before the sales hour Wednesday each business firm should be contacted and given a supply of stamps and bonds.

J. C. Penney Store Here Sets Big July Quota Bond and Stamp Sales

J. C. Penney Company on Wednesday, July 1, begins a worthy and embitious crusade for the sale of War Bonds and Stamps throughout the nation.

In Cameron the J. C. Penney Store has a quota for July of $600 but M. H. Boehner, manager, has set his goal a little higher and believes he can sell $1000 worth during the month.

This tremendous sales effort by the J. C. Penney organization throughout the nation means that the stores are undertaking to sell $1,200,000 worth in July. This means 25 more planes for Uncle Sam and is a commendable example of wholehearted co-operation with the war effort.

One sure way to prevent inflation is to buy War Bonds and Stamps for if the people do not invest their money in these securities the government will have to issue new currency to pay the war debt and this will result in inflation.

Mr. Boehner was very optimistic about his local store campaign. In an appeal has been made an inspiration to the local bond committee. Customers of the store will have opportunity to buy during the month with the added incentive to help the Cameron store reach its quota and thus indorse the national campaign of the J. C. Penney Company.

J. C. Penney Stores are noted for their salesmanship and their salesmen are responsible for that estimate. A total of 890 prizes are being awarded to stores throughout the country.

The Cameron Store is setting a fast pace. Mr. Boehner thinks he can sell $100 worth in July. The people will help him do it.

GERMANS ARE NEARING ALEXANDRIA NAVAL BASE

General Neal M. Richu, commander of the ill fated British forces that lost Tobruk and all of Libya in 24 hours, has been relieved of his command and General Sir Claude Auchenleck, has taken over, it was announced from London Tnesday.

The Germans under General Rommel are nearing the great naval base of Alexandria in Egypt, last of the British strongholds in North Africa and will be within striking distance of the Suez Canal.

The situation for the Allies was regarded as very critical.

Too little and too late. That has been and still is the only reason why the United Nations cannot win a battle on land.

Alexandria has now been brought under German guns. The British were reported to be trying desperately to reorganize their lines, but this is not believed possible or within British capabilities.

Violent battles were in progress in Russia. The Germans are taking frightful losses.

The Chinese have slain 10,000 Japs. Or have they?

The Royal Air Force, only Allied organization of fighting men to carry on the war, gave Bremen another pounding last night with 300 planes, losing only 9.

Mrs. A. E. Smith is Critically Ill Here

Mrs. A. E. Smith is critically ill at her home from a heart attack.

She has been ill for some time but became more critical Monday night and her condition at noon Tuesday was regarded as very grave.

A son, Monroe Smith, now in South Texas, has been summoned home and will reach the city this afternoon.

BETTER FARM COURSE BY FORD DEALERS HERE

A Ford Tractor School has just been concluded at the Hefley-Stedman Motor Company. This school is under the extension service of the La Salle Institute.

The school has been in progress for the past 6 month. Many farm boys were enrolled and 6 were able to finish.

H. W. Abels of Sharp, won the highest rank with an average of 96. By winning he now has an opportunity to compete in the state and if he wins he will get a scholorship to any college or university in the United States.

Others who finished are: Leon Laferre, Sharp; LeRoy Schattle of Ad Hall; William Sweet of Burlington; and C. E. Phipps of Maysfield.

The course not only advanced the correct method of tractor farming but took up questions of business methods on the farm.

Tom Stokes, vocational agriculture teacher at Yoe High School, instructed the students.

The school was highly praised by Mr. Stokes. The Ford dealer, H. H. Stedman was confident that the boys will have gained much to help them become better farmers.

Clifton Jenness has been active in promoting the school for several months and was pleased with the results.

ALLIES NEAR ROWS END AS NAZIS PUSH IN EGYPT

A second front was believed certain to be opened within a few days if not hours.

It is not a Shangri La second front indicated by the Roosevelt and Churchill talks in Washington nor the bloody invasion which General Marshall talked about recently in London.

This new second front is against Russia and will be opened by the Japanese with an attack on Siberia. The Japs are massing troops along the Siberian border.

Japan and Russia have a non agression pact.

The possibility of a Japanese invasion of Russia came at a time when the Allied Nations were on their last legs in Egypt with General Rommel and his Axis armies within 70 miles of Alexandria.

The British are now saying the loss of Egypt will in no wise affect the outcome of the war. They are even talking of blowing up the Suez Canal and also the harbor works at Alexandria.

In Washington Secretary Ickes got mad at Congress and threatened to take the rubber mats from under spitoons and give them to the junk dealers to help out the scrap rubber drive.

The Washington front recorded disappointment from Leon Henderson, Price administrator, who was a member in good standing of tre Communist party. Sugar rationing boards were to get one highly paid employe but it may not be possible because congress has cut down the money.

The Nazi have advanced on Kurch but the Reds are holding at Sevastapol.

In London the House of Commons began its debate on the conduct of the war in Egypt. Mr. Churchill was due to win another victory in Commons while losing every fight on the battle front.

Lorene Kuzel and Joe Millian Married in Temple Saturday Evening; To Live In Dallas

The marriage of Miss Lorene Kuzel, daughter of Mr. and Mrs. John T. Kuzel of Buckholts and Joe Millian, son of Mr. and Mrs. Adolph Millian of Rogers was solemnized on Saturday evening at 7:30 in Temple by Rev. F. J. Dostohryz, pastor of the First Lutheran Church, at the parsonage. Only a few close relatives witnessed the ceremony Attending the bride was her sister, Miss Irene, who wore a dress of heaven blue taffeta, waist of basque design, skirt full, floor length. She carried pink gladioli. Edquin Millian, brother of the groom served as best man.

Nuptial music was furnished by Mrs. Dostohryz. The bride was beautifully gowned in a white lace and dotted net combination dress. The fitted lace waist had sweetheart neck outlined with a ruffle. A ruffle finished the sleeves and self covered buttons centered the length of waist front. The net skirt was quite full and fell to floor length over white taffeta. The veil of net was finger tip length, and was sheered softly with lilies of the valley. Her arm bouquet was of Festiva Maxima peonies, white carnations and fever few. For something old she wore her mother's bracelet which she had worn at her own wedding, something blue a ribbon while from her slender gold necklace hung a pendent, set with pearls, and a ruby borrowed from a neighbor, Mrs. H. N. Harris

Mrs. Millian was born and reared at Corinth near Buckholts, graduated from Yoe High, Cameron, in 1940 and in the fall of the same year entered school at Durham's Business College in Austin, where she studied for several months. For the past two months she has been employed as stenographer for SPJST Supreme Lodge at Fayetteville.

Mr. Millian was reared in Bell County, attended school in Rogers. He was in the army for some months and now is a contractor for Garland Park and Company. Immeditely following the wedding party from Temple, a reception was held on the lawn at the home of the bride's parents. Huge bowls of daisies and marigolds were placed at places of vantage on the lawn. The lace laid table was centered with a flower arrangement of daisies, at one end was the punch bowl from which was poured iced fruit punch by Mrs. E. B. Hyer and Miss Albina Millian, sister of the groom. The three tier decorated wedding cake graced the other end of the table. After the bride and groom, as is the usual custom, had cut the first slice, Mrs. John Burtis, sister of the bride and her aunt, Mrs. H. A. Kuzel served the cake and sandwiches. Miss Ellen Kleiber presided at the bride's book. She wore a beautiful dress of orchid net over taffeta and in her hair was a flower of corresponding hue.

The house was decorated throughout with dairies. In the living room the many presents were displayed. Other than near by relatives and neighbors in attendance were: Mr. and Mrs. Johnnie Sefcik of San Antonio, Mr. and Mrs. Adolph Millian, daughters, Misses Albina and Agnes and son Edwin of Rogers; Mr. and Mrs. John Martinec of Dallas; and Joe Lee Martinec of Temple. Before leaving the bride changed to a becoming suit of linen, white coat and blouse and skirt, white background with brown flowers.

Hat was a large off face white straw with brown trim.

Accessories were white and brown combination. Her corsage was of white carnations and fever few. After a short wedding trip this young couple will be at home in Dallas.

Friends wish them much happiness and prosperity.

It was thought the campus at the gymnasium would be used by the Officers and men and the showers at the Gymnasium plus the recreation facilities would be enjoyed by the men.

BREMEN GETS SAME POUNDING AS COLOGNE

The Royal Air Force was over Bremen in Germany Thursday night in a large scale bombing raid that surpassed the attack on Cologne with 1300 planes.

The Air Ministry announced that 52 planes were lost, the highest number yet taken in toll from the big fleets of bombers striking hard at industrial Germany.

There were no details on the destruction wrought by the raid but it was said briefly that the damage was heavy, and perhaps equal to the devastation wrought in Cologne when 1000 planes went over in the first big scale air attack.

While the Royal Rir Force was blasting at Bremen and portions of Holland and Belgium, American flyers with B-24's four motored bombers were striking hard at Bengasi and Tobruk in Libya.

There was no cause for optimism in the top news story of the day. Germany, as Washington is now beginning to point out cannot be whipped with appropriations nor with supplies in the hands of the British. The Germans must be fought as Russia is fighting them.

The nation's capital heard President Roosevelt today announce that last month 4000 planes were made. He asked the people not to be complacent or to think the war is being won. Dark days lie ahead.

The Germans have penetrated 100 miles into Egypt but they are due for a stiff fight soon. Already contact has been made with British lines.

The Reds are being forced back eastward and the Germans are being heavily re-inforced. The picture was dark in the east.

The Pacific area was quite for the first time in days.

Mrs. Ed Feazell who has been visiting with her daughter, Mrs. C. W. Sanders for about 4 weeks returned to her home in Nacogdoches Saturday.

W. D Bigbee Returns From Nicaragua After Months at Air Bases

W. D. Bigbee who has been employed by the Pan-American Airways in construction work on air bases in Nicaragua for the past several months, returned with Mrs. Bigbee to Cameron Saturday morning.

They came back by way of Mexico City and Laredo and were met in Temple Saturday at 3 a. m. by Mr. and Mrs. Conn Moody.

Mr. Bigbee has accepted a place with another construction company as assistant Engineer and will go to Porto Rica soon.

He tells many interesting things about Nicaragua. He said the small country had won its war against the Axis powers in one day. As soon as the congress declared war the police and secret service of Nicaragua, within a few hours had placed all German, Italian and Jap agents in stockades. Relatives of the agents also were sent along as Nicaragua is taking no chances.

The United States has not yet adopted any such policy toward the secret agents of foreign countries, as many are running loose and giving information about sailings of ships.

Mr. Bigbee was also in Guatamala. He likes the country but says the good old U. S. A. is the best of all. Living conditions there are more severe than here though employes get better pay. A small can of sardines we buy here for 25c or 30c will cost you $1 in Guatamala.

vain for a scrap of something to eat.

But the saddest story of all to them has been the sight of their former rulers and public officials driving through the deserted streets with their German "friends." What bitterness must well up inside of them when they realize that they have been sold out! Yes, French despise Laval. Their former heroes they now hold in great disgust.

But their bitterness of heart and soul will not return their freedom. Their regret will not fill their empty stomachs. Their tears will not bring back their dead.

The tyrant's trademark is treason. And tyrants live in every land.

Yes, I am worried. I have reason to be. I have a belly-full of these back-slapping, hand-shaking politicians, these self-seekers who promise everything before their election, and who always return empty-handed. I am tired of the liars and cheats who will do anything for a vote, who cater to the organized underworld, and who make themselves the tools of the rich and privileged. I am tired of these pretenders who hide themselves behind a guise of proverty and wear old clothes to make themselves attractive to the farmer and the working man. I am tired of these hypocrites who crowd themselves into the shadow of the Cross on Sunday morning and campaign in the beer-halls that night. I am tired of these small-town opportunists who take the money of the utilities, truck lines and banks and use it to buy box-fixers, beer and barbecue. I am tired of seeing innocent people kicked around and mis-used under the artifice of assumed friendship. I am tired of seeing incompetent men in high public office.

These little men are tyrants of the American brand. They MUST go.

In a free land it should not be necessary to hug a voter every time you meet him on the street in order to get his support. In a free land it should not be necessary to beg a man for his friendship. In a free land it should not be necessary to buy votes in order to be elected to public office. In a free land a public servant should not have to discard his dignity and pride, and sell his soul in order to hold his office.

Is America a free land? YOU AND I MUST ANSWER THAT QUESTION BEFORE LONG.
